## **DEACONS' MEETING**

11.00 a.m. on Tuesdays via Zoom - please pray for the Deacons as they meet together.

## **PRAYER**

Remembering in prayer all those who suffer illness, depression or loneliness. We pray for those facing surgery or treatment, that they will know God's peace. We particularly remember those for whom the easing of lockdown has not actually made any difference, and who are still unable to get out due to infirmity or age, and who may now feel even more isolated.

“Forgive us, Lord, that as we grow to maturity, our faith is blighted with doubts, withered with worry, tainted with sophistication. We pray that you will make us like children again in faith – not childish, but childlike in the simplicity of a faith that is willing to trust you even though we cannot see what tomorrow will bring.”

Peter Marshall

*Born in Coatbridge, Scotland in 1902, Peter heard a strong calling to the ministry at a young age. Despite having no money, he emigrated to New York City in 1927 when he was 24 and trained as a Presbyterian minister. In 1947 he was made chaplain to the United States Senate. He died in 1949.*

# Happy 18<sup>th</sup> Birthday to Anna

on 30<sup>th</sup> July

May you know God's blessings on this special day and throughout your life.

Many of us will be missing out on holidays this year, so Chris Ward has been reminiscing about her cycling holidays in the past.

## Cycling Holidays in Holland - and beyond

### Part 1

To make the day a bit more enjoyable, I have been looking at my photos of years ago when I and five other friends went on cycling holidays in Holland. The first was in 1984. We all cycled regularly each week, just a few miles to a local village pub, had a shandy and then came home.

But this was quite a bit different. For one thing, the Dutch bikes had brakes you had to pedal backwards. So you had to think well before or the others behind you crashed into you: but it was a cause of so much laughter.

We were given maps so you cycled a choice of doing 20 miles or 40 plus to the next hotel. A van took our cases so at least we looked decent for dinner at the hotel.

The next time we had bikes with proper brakes, thank goodness, and the sun shone on us.

Part 2 next week .....

## BAPHUMELELE CHILDREN'S HOME - latest news from Kay Jerred

I have been asked by the Deacons to give you the latest news on Baphumelele.

Khaleyitsha

The founder, Rosalia (Rosie) Mashale, and I keep in touch via email. Some of you might have seen the huge Township of Khaleyitsha, where Baphumelele is situated, on the BBC news a week or so ago. It was a piece on the pandemic, stating that Khaleyitsha was the worst affected place in South Africa.

This Township has a population of around 400, 000 people is reputed to be the largest and fastest growing

Township in South Africa. The very basic homes are packed closely together, making the spread of the disease rife.

Rosie writes:

*“Khaleyitsha is the epicentre of the pandemic, people dying day in and day out. It is so scary and affecting both the very young and the elderly. I am really counting myself lucky and thanking God daily for protecting me, my Baphumelele family and friends all over the world. You are in our prayers too. We have had generous donations from people in Eynsham Church and thank you very much for your support all these years. We are eternally grateful for the donations.*

*This is the most challenging time in our existence and COVID-19 has had some very severe impact for the livelihoods of many of our staff as well as the children we look after. There has been a big increase in the cost of basic food stuffs, transportation and suddenly the new burden of having to provide PPE and adequate social and safety measures for everyone at Baphumelele.*

*Your contributions are invaluable in making sure that we can transition during this time and continue to give the best care to the most vulnerable citizens of our country. I'm at a loss for words and am very over the moon with the support you have shown Baphumelele.”*

There will be an opportunity to give to Baphumelele at the time of our Harvest Service which will be a Gift Day for the Children's Home. More information to follow.

Many thanks to all for your wonderful support.

*Kay*

### High Flight

Oh! I have slipped the surly bonds of Earth  
And danced the skies on laughter-silvered wings;  
Sunward I've climbed, and joined the tumbling mirth  
Of sun-split clouds, — and done a hundred things  
You have not dreamed of — wheeled and soared and swung  
High in the sunlit silence. Hov'ring there,  
I've chased the shouting wind along, and flung  
My eager craft through footless halls of air . . .

Up, up the long, delirious burning blue  
I've topped the wind-swept heights with easy grace  
Where never lark, or ever eagle flew —  
And, while with silent, lifting mind I've trod  
The high untrespassed sanctity of space,  
Put out my hand, and touched the face of God.

*John Gillespie Magee  
(June 1922 - December 1941)*

*Anglo-American Spitfire pilot and poet, Pilot Officer Magee served in the Royal Canadian Air Force which he joined before the United States joined the war. In 1941 he composed 'High Flight' and sent it to his parents, just months before he died in a mid-air collision over Lincolnshire at the age of nineteen.*
